

BUBBLE HOME LIFT

FLOAT THROUGH YOUR
HOME IN STYLE

Welcome to Aura

"At Aura, we believe that a lift is more than just a means of moving between floors—it's an experience, a design statement, and a reflection of your lifestyle. This belief inspired us to create the Bubble lift, a masterpiece of innovation and elegance that seamlessly blends into your home while enhancing your everyday life.

As founders, we are committed to delivering products that represent the pinnacle of luxury, sustainability, and modern technology. The Bubble lift isn't just a lift; it's a symbol of our dedication to excellence and our mission to redefine home elevation.

Thank you for joining us on this journey. Together, let's elevate not just your home, but your living experience."

FLOAT THROUGH YOUR
HOME IN STYLE

"The **Bubble** lift's unique design takes inspiration from the organic beauty of natural forms and the simplicity of modern minimalism. Its rounded edges and transparent panels create a sense of lightness and space, while the customizable materials and finishes allow it to integrate effortlessly into any interior design."

The Bubble lift is engineered with one purpose in mind: to maximize the space in your home. Thanks to our innovative positive drive motor, elegantly positioned at the top of the shaft, the Bubble lift delivers a spacious interior without compromising on style or functionality. Its compact footprint makes it the ideal choice for even the most challenging spaces.

COMPACT & SPACE-SAVING

"SMART DESIGN FOR
MAXIMUM SPACE"

Smart Engineering

Our top-mounted positive drive motor ensures a smooth and efficient operation, freeing up space for what matters most—your comfort and your home's design.

Spacious Interior

By eliminating counterweight or hydraulic systems, the Bubble lift creates a more open and comfortable space for passengers, maximizing usability and aesthetics.

Compact Footprint

With a minimal footprint, the Bubble lift fits seamlessly into tight corners, stairwells, or unused spaces, offering full functionality without sacrificing valuable square footage.

Versatility in Installation

The Bubble lift's adaptable design can be installed in spaces where traditional lifts simply won't fit, making it the ultimate solution for modern living.

Whether you need a lift for a cozy corner or a multi-level installation, the Bubble lift offers configurations tailored to your space and lifestyle. Our design ensures optimal functionality, even in the most compact settings.

Illuminate Responsibly with LED Lighting

Experience brilliance with a conscience. Our elevators feature 100% LED lighting for both direct and indirect illumination. LED technology offers superior brightness while consuming significantly less energy than traditional lighting solutions. This means reduced energy costs, longer-lasting illumination, and a smaller environmental footprint. Illuminate your spaces efficiently and sustainably.

Advanced Drive Systems for a Greener Ride

At the core of our elevator's performance is the Positive Drive Machine powered by a Variable Frequency Drive (VFD). This advanced system optimizes motor speed and torque, ensuring smooth acceleration and deceleration. The result is a quieter, more comfortable ride with enhanced energy efficiency. Enjoy the benefits of reduced energy consumption, minimal wear and tear, and lower maintenance needs—all contributing to a more sustainable operation.

**Regulatory Compliance
Committed to Safety and Excellence**

Your safety is our utmost priority. Our elevators comply fully with the 2006/42/EC Machinery Directive, adhering to the highest European standards for safety and reliability. This directive encompasses essential health and safety requirements for machinery, ensuring that our products meet or exceed industry regulations. Choose confidence knowing you're supported by rigorous compliance and a commitment to excellence.

SAFETY FEATURES EMERGENCY STOP AND SENSORS

Emergency Stop: Your Instant Assurance

In the unlikely event of an emergency, the Emergency Stop Button puts control in your hands. Designed for quick and intuitive use, it ensures immediate halting of the elevator, prioritizing your safety above all.

Advanced Sensors for Proactive Protection

Our elevators are outfitted with cutting-edge sensors that monitor the cabin's environment and operation continuously. These sensors are engineered to detect irregularities, preventing potential hazards and ensuring smooth, reliable performance.

THE BUBBLE: THE FOUNDATION OF ELEGANCE

Illuminate Your World

Lighting transforms the experience of your lift, blending functionality with artistry. Aura offers a range of ambient and functional lighting options to create the perfect mood.

Ambient Lighting:

Subtle, indirect LED strips that bathe the cabin in soft, customizable hues. Choose from warm whites, cool tones, or vibrant RGB colors to set the mood.

Functional Lighting:

Precision-placed lighting ensures clarity and visibility, combining beauty and practicality.

LIGHTING AS ART

ILLUMINATE
YOUR WORLD

Craftsmanship at Your Fingertips

The Control Operating Panel (COP) is where form meets function. At Aura, our COPs are more than controls—they're a design centerpiece.

Exclusive Design:

Sleek and modern, crafted from premium materials with customizable finishes to match your taste.

Intuitive Interface:

Effortless navigation with tactile, backlit buttons available in a variety of LED colors (red, blue, white, etc.).

Seamless Integration:

Every detail, from the placement to the finish, is designed to enhance the cabin's aesthetic and usability.

UNIQUE COP
DESIGN

Elevate Your Everyday

With an Aura lift, convenience is not a luxury—it's your new normal. Our lifts are designed to seamlessly integrate into your life, offering a perfect balance of practicality, style, and innovation.

**Convenience Without Compromise**

Say goodbye to the strain of stairs and hello to a smoother, more efficient way of living. Aura lifts save you time and energy, letting you focus on what truly matters.

Accessibility for Everyone

Aura lifts open doors to greater inclusivity. From families with strollers to individuals with mobility needs or elderly family members, our designs ensure that everyone can navigate your space with ease and dignity.

Invest in the Future of Your Property

An Aura lift is more than a functional upgrade—it's a strategic investment in your property's value and appeal. Modern buyers prioritize accessibility and luxury, and a lift that integrates advanced technology with stunning design ensures your space stands out in a competitive market.

Did you know?

Properties with modern lifts are more attractive to buyers and tenants, often commanding higher prices.

Luxury That Lasts

Elevate your property's allure with a feature that combines form and function. Aura lifts are designed for durability and timeless elegance, offering a smart addition that pays dividends in value and desirability.

Plan Ahead with Future-Proofing

Life changes, and Aura lifts ensure your space evolves with it. Whether you're preparing for aging in place, accommodating mobility needs, or simply future-proofing for family and visitors, our lifts provide a proactive solution that blends seamlessly into your home.

HASSLE-FREE INSTALLATION

Effortless Luxury, Installed in Record Time

At Aura, we believe luxury shouldn't wait. With our streamlined installation process, your bespoke elevator can be fully operational in as little as **7-8 working days**. Experience unparalleled convenience, knowing that Aura's expert team prioritizes your time, privacy, and peace of mind.

Tailored to You

Begin your journey with a personalized consultation. From selecting materials to finalizing configurations, our team ensures every detail reflects your vision and enhances your space.

United Arab Emirates (Our Home, Our Foundation)

Aura's in-house technicians complete the entire installation in just 7-8 working days. Our process minimizes disruption, allowing you to enjoy your lift sooner without compromising on quality or craftsmanship.

Global Presence (Elevating Luxury Beyond Borders)

International installations are handled by Aura's certified distributors, who are rigorously trained to uphold our exacting standards. Wherever you are, expect the same speed and precision that defines Aura.

Rapid Turnaround, No Compromises:

Fast doesn't mean rushed. Every installation is carried out with meticulous attention to detail, ensuring a flawless result every time.

Discreet and Professional Teams:

Our experts work efficiently and respectfully, maintaining the sanctity of your space throughout the process.

A Trusted Network:

Aura-certified distributors bring the same expertise and professionalism to international projects, ensuring consistency and excellence.

Why Wait for Luxury?

The Aura experience is designed for those who value their time as much as they value elegance. Whether it's a home in Dubai or a villa abroad, our commitment to swift, seamless installation guarantees you can elevate your lifestyle without delay.
